

CCT AUTO TRANS EXPANDS VEHICLE TRANSPORTATION SERVICE OFFERING WITH THE ACQUISITION OF LIVINGSTON VEHICLE TRANSPORTATION SERVICES

October 2, 2026 – Courtice, Ontario

CCT Auto Trans has acquired Livingston Vehicle Transportation Services (VTS), one of Canada's leading providers of vehicle haulaway and rail transportation services.

Livingston has offered vehicle transportation services to Canadians since 2005, providing short-haul and cross-Canada moves. Their partnership with CN Rail delivers cost-effective, efficient vehicle movement nationally via rail transportation. With a fleet of haulaway equipment across seven locations nationally positioned at CN rail heads, Livingston VTS services corporate and private customers from auto manufacturers to individuals.

"We are excited about the acquisition of Livingston VTS and look forward to building on this well-established network throughout Canada," said CCT Auto Trans President & CEO Chad Doiron. "Livingston VTS has a very solid customer base, dedicated, long-term staff and drivers with assets in most major cities across Canada. This acquisition positions CCT as the only company in Canada delivering open, enclosed and rail vehicle transport. It provides us with an asset-based, national footprint and the ability to expand in those locations with our current customers."

"Livingston Vehicle Transportation Services (VTS) has been part of Livingston's freight family for many years. We value the contributions our VTS associates have made and are proud of the work they have done over the years to support our customers," said Livingston Chief Executive Officer Robert Smith. "This is a win for both organizations, allowing VTS operations to continue to grow under the management of a company with a long and successful history in vehicle hauling while enabling Livingston to focus on its core business."

All employees and drivers of Livingston VTS will continue to be actively engaged in the daily operations of the business. The business will be operated by the CCT Group of Companies under the brand CCT Vehicle Transportation Solutions.

About CCT Auto Trans

Established in 1999, CCT Auto Trans provides full-service finished vehicle transportation utilizing a fleet of over 90 open auto carrier units, employing over 80 dedicated staff and drivers. Family-owned and proudly Canadian, CCT serves numerous markets including finished vehicles, secondary markets, speciality and international vehicle moves for auto manufacturers, remarketers, auctions, dealers and private individuals in Canada and into the United States.
